SEBANG GLOBAL (M) SDN BHD

KOREA'S #1 BATTERY

OVER 14 MILLION
BATTERIES ARE
EXPORTED TO OVER
140 COUNTRIES
WORLDWIDE
ANNUALLY.

SEBANG GLOBAL BATTERY CO. LTD

Founded at 1952, Sebang Global Battery Co. Ltd leads the battery industry in Korea and is rapidly expanding its presence worldwide. The factory at Gwangju boasts the largest production capacity of any single facility in the world, manufacturing over 17 million automotive batteries annually. A further 3 million Start-Stop and industrial batteries are manufactured at the Changwon factory.

Besides being the #1 choice for OEMs and the aftermarket in both automotive and industrial markets in Korea, Sebang also supports various international OEMs and brand holders globally.

Continuously maintaining a step ahead of the industry, the Research & Development Centre was established on 1988 to drive technology advancement to meet ever-increasing market demands. This is in line with the company's vision to spearhead clean energy development and environmental conservation.

SEBANG GLOBAL MALAYSIA

Regional Sales & Support

Sebang Global (M) Sdn Bhd is the maiden overseas joint venture undertaken by Sebang Global Battery Co. Ltd Korea. Besides providing a home-grown presence in Malaysia, Sebang Global Malaysia also acts as the regional support centre for the Korean operations, bringing the factory closer to the people that matter the most – the customer.

Sebang Global Malaysia markets and distributes the entire portfolio of award-winning automotive and industrial products manufactured by the state-of-the-art facilities in Korea, while

providing support, service and the development of systems and solutions that maximise its products in its local environment. Backed by industry experts and highly-trained personnel, Sebang Global Malaysia delivers world-class products, services and solutions with a local touch and insight.

When you choose a Sebang product, you choose advanced, reliable technology that delivers exceptional performance – a sentiment shared by millions of users worldwide.

GWANGJU PLANT
17.5 MILLION UNITS

CHANGWON PLANT
3.2 MILLION UNITS

AUTOMOTIVE

BATTERIES

Unlimited Power
ROCKET BATTERY

SEALED MAINTENANCE FREE (SMF)

Sebang's flagship brand. A world-renowned brand providing superior quality that guarantees peace of mind. Rocket batteries are present in over 140 countries.

CALCIUM-CALCIUM
BATTERIES

JIS DIN BCI

ABSORBENT GLASS MAT (AGM)

Significantly improved lifespan compared to flooded lead acid batteries to cater to the needs of modern start-stop vehicles where frequent power delivery and regenerative braking is prevalent. Up to 65% more power and 300% longer life compared to conventional models,

AGM batteries feature punched grids, no free electrolyte and lower internal resistance.

Improved Fuel Efficiency

CO₂ Reduction

OEM Approved

Eco-friendly

ITEM	SEALED MAINTENANCE FREE (SMF)	ENHANCED FLOODED BATTERY (EFB)	ABSORBENT GLASS MAT (AGM)
CCA	100% (SMF)	150% (vs SMF)	165% (vs SMF)
LIFE CYCLE	100% (SMF)	200% (vs SMF)	300% (vs SMF)
VEHICLE SYSTEM	STANDARD TYPE	ENGINE START/STOP	- ENGINE START/STOP - REGENERATIVE BRAKING - ENHANCED POWER CONTROL SYSTEM

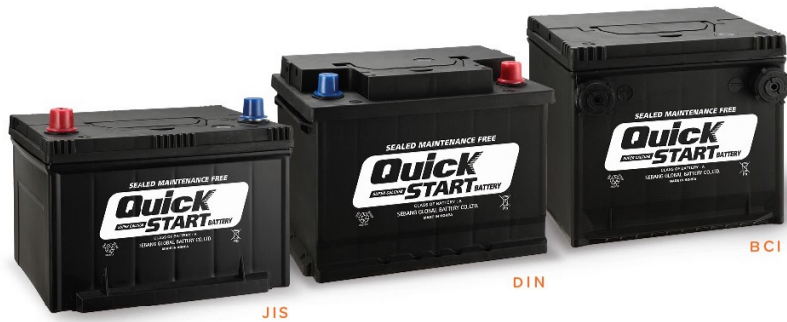

AUTOMOTIVE BATTERIES

Quick START

For the budget-conscious.
Designed for high performance minus the premium price tag.
